

I. Mandate

As provided in Act No. 3846, as amended (Radio Control Law), Commonwealth Act No. 146, as amended (Public Service Act), Executive Order No. 546, series of 1979, Executive Order No. 205, series of 1987 and Republic Act No. 7925 (Public Telecommunications Policy Act of 1995), the National Telecommunications Commission (NTC) regulates the installation, operation and maintenance of radio stations both for private and public use; regulates and supervises the provision of public telecommunications services; manages the radio spectrum; and regulates and supervises radio and television broadcast stations, cable antenna television (CATV) & pay television systems.

II. Vision

By 2025, the NTC is a world-class agency meeting the challenges of the digital world.

III. Mission

Maintain a responsive regulatory environment for an effective telecommunications/Information and Communications Technology (ICT) sector.

IV. Service Pledge

We commit to:

- Provide public service with utmost diligence, sincerity, integrity and efficiency;
- Perform our tasks, motivated by duty and by the values of a true public servant;
- Implement simplified procedures and requirements to speed up and ease public transactions; and
- Attend to all applicants or requesting parties that are within the premises of the agency or office concerned prior to the end of official working hours and during lunch break.
